

The cleaning app

Logging in

The app is at: _____

1. Open the app on your phone.
2. Tap your name.
3. Tap your PIN. The last number logs you in.

Tap your name.

Then tap your PIN.

You only do this once. The app remembers you next time.

Putting it on your phone

1. Open the app in your phone's browser.
2. On an iPhone: tap the Share button, then Add to Home Screen.
3. On Android: tap Install on the bar under the names.

On an iPhone.

On Android.

You only do this once. The app then has its own icon, like any other app, and you never have to find the link again.

What to clean today

1. The app opens on today's list.
2. Start at number 1 and work down.
3. Tap a building to open it.

Today's list.

Check means a quick tidy and re-stock. Full Clean means the whole clean. A green Done means someone has already finished that building. The arrows at the top show another day, and every other building is under Other buildings at the bottom.

When you finish a building

1. Tap the blue button.
2. Tap Yes, all done.
3. That is it. The office can see it is finished.

Tap the blue button.

Then tap Yes, all done.

There is nothing to tick and nothing to hand in. Tapped it by mistake? Open the building again and tap Reopen.

If something is broken

1. Tap Report.
2. Say where it is and what is wrong.
3. Tap Send.

The screenshot shows a mobile application interface for reporting a problem. At the top, there's a navigation bar with a home icon, a back arrow, the title 'Report', a user profile icon labeled 'CM', and a share icon. Below the navigation bar is a form titled 'Manor'. The form contains a text input field with the placeholder text 'Tell the office about something here that needs fixing.' Below this is a section labeled 'Where (optional)' with a text input field containing 'Room 3, upstairs'. The next section is 'Details' with a text input field containing 'Tap in the basin drips constantly.' Below that is a section labeled 'Photo (optional)' with a 'Choose File' button and the text 'No file chosen'. At the bottom of the form are two buttons: 'Send' (blue) and 'Cancel' (white). The bottom of the screen features a navigation bar with three icons: a house icon labeled 'Buildings', a calendar icon labeled 'Roster', and a document icon labeled 'Reports'.

The report form.

Use it for lost property too. The office sees it straight away. You do not have to wait for an answer.

Who is working this week

1. Tap Roster at the bottom of the screen.
2. Your row shows the days you are on and your hours.
3. Tap the arrows to look at another week.

The week, with your hours on it.

The office writes the roster. If a shift looks wrong, ring them. A week that is not out yet will say so instead of showing you a half-finished one.

Saying when you can work

1. Tap Roster, then My availability at the top.
2. Tick the days you can work. Add hours if they matter.
3. Tap Save as my usual week.

My availabil... Casey Miller CLEANER CM

Tick the days you **can** work, and the hours if they matter — leave them blank for a day with no set hours. Tap a star for a day you'd **rather** work. A star never blocks anything; it just puts you first when the office is picking someone.

☒ Mon	08:00 AM	to	04:00 PM	★
☒ Tue	08:00 AM	to	04:00 PM	☆
☒ Wed	08:00 AM	to	04:00 PM	☆

☒ Fri	08:00 AM	to	04:00 PM	☆
☐ Sat				

+ Report

Buildings Roster Reports

Tick a day, and add hours if they matter.

Tap the star on a day you would rather work. Use Save for this week only if it is a one-off. Saving does not move a shift you already have, so ring the office if one needs to change.
